

## **IN-CLUB FILMING | POLICY SUMMARY FOR MEMBERS**

### **LOCKER ROOMS AND OTHER PRIVATE AREAS**

Using cell phones, cameras, or any other recording devices in Equinox locker rooms and other private spaces like Spa treatment rooms is strictly prohibited. Taking photos or videos in pool areas and in Kids Club locations is also prohibited.

### **PUBLIC SPACES**

Taking photos or videos in public areas of Equinox Fitness Clubs is permitted for personal use only - public areas include club floors, studios, juice bars and cafés, and the Shop. Taking photos or videos during a Group Fitness class is prohibited, except for Equinox-authorized filmed classes for which advance notice will be provided.

At all times, please be respectful of other members' physical and personal space. If you post online or in social media a photo or video that was taken in Equinox Fitness Clubs and another individual who appears in that photo or video complains, Equinox reserves the right to ask you to remove the post.

### **BUSINESS USE**

You may not take photos or videos in Equinox Fitness Clubs to promote your outside business or any third party's business, products, or service.

### **PROFESSIONAL EQUIPMENT**

You may not bring in any professional photographers or videographers or use any lighting, tripods, or other equipment.

### **QUESTIONS OR CONCERNS**

Please speak with a Manager on-duty regarding any questions or concerns regarding the taking of photos and videos within any Equinox Fitness Clubs or regarding any photos or videos you may see on social media that appear to have been taken in one of our locations. If a concern arises in a locker room, you may also immediately notify a nearby employee.

In the event of a policy violation, Equinox may, in its sole discretion, take disciplinary action commensurate with the seriousness of the violation, up to and including cancellation of membership and notification of law enforcement.
